Serving the U.S Healthcare Industry for 20 years...
Are you working with the $ Genie?

Are you working with a Partner or a Vendor?

A Partner is like a Genie who is versatile enough to cater to all your requirements!
A partner should have both good experience and deep expertise in the area of Medical Billing. e-care has both - which can be leveraged for your organization.

- e-care’s experience handling 35+ specialties will supplement your Specialty mix and expertise.
See what our clients say!

Our clients are not just satisfied, they are happy...

<table>
<thead>
<tr>
<th>Our client in Tampa, Florida</th>
</tr>
</thead>
</table>

In 2001, we partnered with ecare India Private Limited for certain support services, such as data entry, A/R follow up, payment posting and numerous additional services.

During this period, while we have had to end relationships with other BPO companies, we continue to be extremely pleased with our working partnership with ecare. Their level of service remains efficient, effective and superior to other similar companies providing these services. We will continue to rely on its partnership with ecare for the continued growth of our company and to ensure our ability to continue to provide levels of service which exceed national benchmarks.

In closing we strongly recommend that you seriously consider ecare as a potential partner and provider of BPO services for your organization.

ecare has enabled us to quickly add new services for our clients with minimal startup time and cost. They also enable us to deliver expertise to our clients in a fashion and in arenas that we would simply not be able to provide in-house.

---

**Our client in Frankfort, Kentucky**

“My experience with the ecare Team has been extremely positive! While significantly reducing our cost of doing business, ecare’s professionalism and efficiency has been unsurpassed! I would highly recommend them to any business.”

Expertise on Major Billing Platforms
Compliance and Information Security

Other measures to ensure PHI protection

Physicial Security

- Paperless environment
- Confidentiality Agreement
- Triple layer Access Control – ID & Access card and Bio-metric
- CCTV Monitoring
- No Mobile Phones inside work floor for Agents and Supervisors

Network Security

- Restricted Internal email, Server level folder access
- Automatic system-lock when inactive
- Restricted Internet access incl. web based email services, viz. Gmail, Yahoo, Hotmail etc.
- Unique user credential for employees to access systems
Compliance and Information Security

e-care India is ISO 9001:2015 and ISO 27001:2013 certified
SSAE 18 Certified
Business Continuity Plan

A Partner should have the capability to continue services even during Emergency situations

A benefit of working with a Partner is to have a Disaster Recovery Center which will continue to operate during Emergency situations.

e-care provides Disaster Recovery and Business Continuity from its 3rd center located 400 miles to the south from the other 2 centers.

This center is independent, and can handle critical work when the main centers are down due to Natural calamities.
Quality – Our Main Concept

- Effectively maintaining the Quality Management system
- Benchmarking for continuous improvement and achieving Six Sigma levels
- Ongoing Training and Development (T&D) of staff
- Rigorous quality control (QC) through every step of the process workflow
- Granular tracking of error rates and production efficiencies
- Treating repeated errors as ‘red flags’, identifying and effectively correcting the root causes
